

INFORMATION EVENING

Master's and Graduate Diploma in Infectious Diseases

6.00pm Wednesday 14 October 2009

Microbiology & Immunology, University of Western Australia
First Floor Seminar Room, L Block, Banksia Drive, QE II Medical Centre, Nedlands
[Parking available on the corner of Monash and Hospital Ave. Buses also available]

Course Director, Professor Geoff Shellam, will be hosting the biannual Information Evening for the UWA Master's and Graduate Diploma in Infectious Diseases Program on October 14, 2009.

The postgraduate courses have been developed in response to the international need for advanced training in infectious diseases to better prepare medical scientists, medical professionals, the public sector and other groups for the management of infectious diseases in Australia and the developing world. A background in Microbiology is not essential.

Professor Shellam, will provide an overview of the program's vision, content, structure, entry requirements, application procedures and the availability of Commonwealth-funded places.

Future students and anyone with an interest in the program are invited to attend the Information Evening.
